ABHISHEK KULKARNI
Managing Director - Yashaswi

"You cannot lead unless you are future-oriented"

-C.K Prahlad

From Galileo, Newton to Steve Jobs, Mark Zuckerberg, people with skill and commitment have harped on innovations and developments out of the inherent urge that pushes one to the end. In order to survive in this fast evolving world, one should be able to identify new opportunities by focusing on the weak signals. Creating an adept work force for the 21st century is a challenging task. With this aim in mind we strive hard to innovate, develop and deliver in our courses and the other activities in a well-organized manner. We at IIMS have always believed in the complete development of an individual and see a potential leader in every student, treat every mind with the respect that is deserving of one who is to achieve greatness. The institute believes in making a rich learning environment by providing the best facilities and the latest resources which help the students widen their horizons and learn better. The determined effort that we have put behind our student development has helped all our students to become competent individuals who add value to the society.

Today, IIMS looks beyond the frontiers of formal and traditional education and hope to emerge and be recognized in the coming years as a place for shaping and creating the next generation professionals.

I wish you all success and look forward to a wonderful experience with you!

DR. SHIVAJI D. MUNDHE
Director - IIMS

“Embracing both (industry-specific and discipline-specific) specialisation streams, the curriculum focuses on oriented-learning, thus creating a knowledge-base through experience.”

– Dr. Shivaji D. Mundhe

Goal-setting, Academic excellence, Holistic personal development and an ardent desire to be the best in the corporate world will create business leaders of tomorrow. At IIMS, we aim to provide this very platform for the students to launch their careers in the corporate world.

Yashaswi's IIMS has always been quick to grasp the changing requirements of the business/corporate world and has taken necessary actions in the form of introducing additional courses to the students. On these lines, we also focus on frequent industry interaction, to know our employer expectations. Our dedicated facilities ensure personalized attention to students and are ever willing to be available to the alumni too.

The curriculum embraces both industry-specific and discipline-specific specialisation streams. For placements, the students are groomed through various activities such as industry presentations, interactive sessions, mentorship programmes, and value addition programmes besides regular studies.

I welcome you to holistic learning at IIMS.
