

***Report on International Conference on Innovations in Management Science
(ICI2MS)***

on

5th & 6th March – 2021

Yashaswi Education Society's International Institute of Management Science organized an International Conference on Innovations in Management Science (ICI2MS) on 5th & 6th March – 2021. This Virtual-Conference was an attempt to identify and acknowledge innovative efforts made by businesses leading them towards enhanced performance so that the other organizations following their example may prepare themselves to face more global challenges and emerge as market leaders.

This summary captures the two-day program of presentations and keynote addresses, which took place from the 5th to 6th March 2021 virtually. The event brought together some 180 plus research scholars, members of faculty, students, and key officials nationally and internationally from countries like Oman, Bhutan, Tanzania, Turkey, and India to discuss the recent advances and Innovations in Management Science. It concluded with a set of presentations of real-world cases describing new and noteworthy initiatives relevant to the conference theme.

The first day of the conference started with an inaugural session with a welcome note and conference overview by Dr. Shivaji Mundhe, Director, IIMS, Chinchwad, Pune. Dr. Shivaji Mundhe welcomed all the Dignitaries and Participants for attending the Virtual International Conference.

Dr. Shivaji Mundhe further thanked Mr. VishweshKulkarni -The Hon'ble President of Yashaswi Group for gracing the Occasion. Later on, Mr. VishweshKulkarni Sir thanked all the Delegates, Authors, and Participants for attending the E-Conference. He further talked about the role of Innovation in Management Science.

Dr. Shad Khan from the University of Buraimi, Oman was the Chief-Guest for the Inaugural Ceremony of the International Conference. He spoke on the role of Innovation in the Present era. He said that the development in technology is not an innovation but the change in practices is innovation, and the innovation depends on many people who are involved in it.

Dr. PhubDorji from Gedu College of Business Studies-Royal University of Bhutan was the Guest of Honor for the Inaugural Ceremony. He nicely explained the role of Innovation in Business through the Case Study of Parle Industries Ltd. His session was followed by the Research Paper Presentations. The technical sessions followed the inaugural session and the main keynote lecture. The two-day conference comprised of four technical sessions, some of them scheduled concurrently. The theme, Innovations in management science, was divided into four sessions in order to accommodate the large number of presentations. Each session had a Chair and Co-chair, who were experts in the domain. Each author was given 10 minutes for the paper presentation, which was followed by question and answer session for 5 minutes. The conference was structured to foster discussion between participants. There were more than 50 paper presentations across two days of the International Conference.

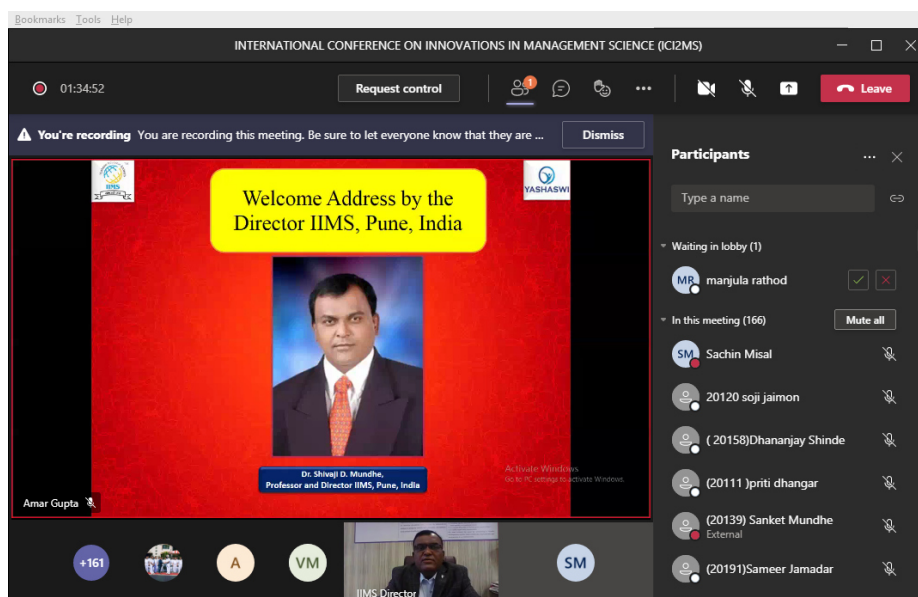

Capt.(Dr.) C.M. Chitale from Professor, Kirloskar Chair, SPPU, Pune, India was the key note Speaker of the International Conference. He spoke on the Innovation as a combination of innovation process & management, knowledge evolution should take place and teacher should research in teaching.

Dr. MaigeMwakasegeMwasimba, Mzumbe University, Tanzania was the second key note Speaker of the International Conference. He highlighted that the organization should use innovative Supply chain management techniques to get competitive edge. To get advantages like deliver goods on time at lowest cost and serve the society. His session was followed by the Research Paper Presentations.

The two-day Conference ended with a valedictory session. The welcome speech in the session was delivered by Dr. Vandana Mohanty, IQAC Co-ordinator, IIMS. Dr. Utku Kose, Suleyman Demirel University, Turkey was the Valedictory Guest speaker of the International Conference. In his valedictory address he discussed about the Artificial Intelligence key techniques, present and future. In future daily life AI will be used it will create new jobs and changes of current job. Every individual has to adopt the AI in their respective field to get advantage of it.

On behalf of the entire Yashaswi Group Dr. Vandana Mohanty, delivered Vote of thanks. That concluded a remarkable, memorable, knowledgeable conference ICI2MS -2021.
